## RESOLUTION NO. 24-105

### **A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VICTORVILLE, CALIFORNIA, AMENDING THE MASTER USER FEE SCHEDULE BY ADDING CERTAIN NEW USER FEES, ADJUSTING CERTAIN USER FEES BASED ON THE INCREASE IN THE CONSUMER PRICE INDEX (CPI), AND MAKING OTHER UPDATES AND CONFORMING CHANGES**

**WHEREAS**, the City of Victorville (the “City”) is a municipal corporation and charter city authorized by the provisions of the California Constitution and the laws of the State of California to adopt and impose user and regulatory fees and charges for the municipal services and activities it provides (collectively hereinafter “User Fees”); and

**WHEREAS**, Article XIII C, Section 1 of the California Constitution generally states that such User Fees may not exceed the City’s reasonable costs of providing the service or performing the activity; and

**WHEREAS**, the City Council had previously established various User Fees for the services and activities provided by the City; and

**WHEREAS**, the City must periodically review User Fees to ensure the revenues produced by said fees are sufficient to defray the cost of providing such services and do not exceed the estimated reasonable cost of providing such services; and

**WHEREAS**, the City Council retained NBS Government Finance Group (“NBS”) to conduct a comprehensive analysis of user fee services and deliver findings through a User Fee Study (the “2022 Fee Study”); and

**WHEREAS**, the City Council adopted Resolution No. 22-055, which approved and adopted the comprehensive 2022 Fee Study and the Master User Fee Schedule, and also implemented an annual review and adjustment of such User Fees in accordance with the percentage change in the July over July Riverside-San Bernardino-Ontario, CA Consumer Price Index for all Urban Consumers (hereinafter “CPI-U”) effective January 1<sup>st</sup> of each year, provided that: (1) no fee or charge as adjusted exceeds the reasonable costs associated with providing the service; and (2) such adjustments are duly adopted by the City Council, following an appropriately noticed public hearing; and

**WHEREAS**, the City Council later adopted Resolution No. 23-101, which approved and adopted an amendment to the Master User Fee Schedule, thereby adjusting certain User Fees based on the increase in the July 2023 over July 2022 CPI-U effective January 1, 2024; as well as adding certain new fees; and eliminating, reducing, and/or modifying certain other user fees; and

**WHEREAS**, the City Council subsequently adopted Resolution No. 24-010, which amended the Master User Fee Schedule by adding new business license fees for Sidewalk and Mobile Vendors; and

**WHEREAS**, after reviewing the percentage increase in the July 2024 over July 2023 CPI-U, it is recommended that the User Fees be increased by said CPI-U percentage as set forth in the proposed amended Master User Fee Schedule to ensure financial sustainability and foster fiscal health through cost recovery; and

**WHEREAS**, City staff have also identified additional municipal services and activities where User Fees could be charged to achieve cost recovery objectives; therefore, the City again retained NBS to conduct a comprehensive analysis and study the costs of providing those additional services and activities, and to develop certain new User Fees to defray the costs of providing such services and activities which do not exceed the reasonable costs therefor; and

**WHEREAS**, pursuant to Government Code Sections 66016 and 66018, notice of the proposed adoption of the amended Master User Fee Schedule was provided in the form of a notice mailed to interested parties fourteen days prior to the hearing, and public hearing notices published on December 6 and December 13, 2024, in the Valley Wide newspaper; and

**WHEREAS**, the proposed amended Master User Fee Schedule and the associated cost of services study for the new or added fees were made available for public review in the City Clerk's office and on the City's website on December 6, 2024; and

**WHEREAS**, the City Council conducted a duly noticed public hearing regarding the proposed adoption of the updated Master User Fee Schedule at its regularly scheduled meeting on December 17, 2024, during which it heard public testimony and comment; and

**WHEREAS**, adoption of the proposed amended Master User Fee Schedule is intended to improve the City's recovery of the costs incurred to provide individual services, and represents the costs reasonably borne by the City in providing direct services to particular individuals or groups rather than to the general populace of the City; and

**WHEREAS**, the fees set forth for adoption in the proposed attached amended Master User Fee Schedule represent the reasonable costs incurred by the City in providing the listed services and activities and therefore do not exceed the City's cost of providing the same.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF VICTORVILLE DOES HEREBY RESOLVE, DECLARE, DETERMINE, AND ORDER AS FOLLOWS.**

**Section 1.** The recitals set forth above are true and correct and are incorporated into this Resolution by this reference together with any definitions and findings set forth therein.

**Section 2.** The City Council has reviewed and hereby approves and adopts the updated Master User Fee Schedule attached hereto as Exhibit A and by this reference incorporated herein, which said Exhibit A reflects: (1) adjustments to certain User Fees based on the percentage increase in the July 2024 over July 2023 CPI-U; (2) the addition of certain new User Fees; and (3) other adjustments that serve to eliminate and/or modify certain user fees.

**Section 3.** Based upon the cost of services study attached hereto as Exhibit B, as well the prior cost of services studies duly conducted, the City Council hereby finds and determines that the new and adjusted User Fees contained in the attached Exhibit A, do not exceed the

estimated reasonable cost of providing the services and activities for which said User Fees are levied.

**Section 4.** The City Council finds that the setting or revising of fees pursuant to this Resolution is exempt from environmental review under the California Environmental Quality Act (“CEQA”), pursuant to Public Resources Code Section 21080(b)(8) and Section 15272 of the CEQA Guidelines, which provide an exemption for the establishment or modification of charges by public agencies that the public agency finds are for the purpose of meeting operating expenses. Based on the record as a whole, the establishment or modification of fees or other charges pursuant to this Resolution is entirely for the purpose of meeting operating expenses in that none of the recommended fees or fee increases would recover more than one hundred percent of the cost incurred by the City to deliver the service provided.

**Section 5.** This Resolution shall take effect immediately upon its adoption. However, the User Fees set forth in the Master User Fee Schedule in the attached Exhibit A shall not be in force or effective until January 1, 2025.

**Section 6.** The City Clerk shall certify to the passage and adoption of this Resolution; shall enter the same in the book of original resolutions; and shall make a minute of passage and adoption thereof in the records of the proceedings, in the minutes of the meeting at which this Resolution is passed and adopted.

**CITY OF VICTORVILLE**  
**EXHIBIT A**

MARCH 1, 2024

TO: CALIFORNIA FIRE AND RESCUE MUTUAL AID SYSTEM AGENCIES  
SUBJECT: **Updated 2024 Rate Letter effective March 1, 2024, for any and all California Fire Assistance Agreement (CFAA) orders and requests.**

Dear Chief:

The following reimbursement rates apply to responses under the terms and conditions of the CFAA for the period beginning March 1, 2024.

Personnel Base Rates: These rates ONLY apply if your agency does NOT have rates on file.

- Overhead at or above Strike Team/Task Force Leader: \$34.59 (ST) \$51.89 (OT) per hour
- Engine Company and Overhead at or below Strike Team/Task Force Leader (Trainee): \$27.77 (ST) \$41.66 (OT) per hour

NOTE: Base Rates are required to be shown at straight time (ST) on the annual salary survey; however, agencies will be reimbursed at an overtime rate (OT) of time and one half at invoicing for base rates. Both straight and overtime rates are reflected above.

The following apparatus rates will apply to responses effective at the time of initial dispatch:

There is a 16-hour maximum allowable charge per 24-hour period from the time of initial dispatch:

<b>Emergency Apparatus Rates</b>	
<b>Typing</b>	<b>Hourly</b>
Type I	\$173.47
Type II	\$163.55
Type III	\$156.74
Type IV – VII	\$150.47
Water Tender Tactical I	\$148.07
Water Tender Tactical II	\$127.21

Reimbursement shall be calculated on a daily basis for local jurisdiction support equipment:

<b>Support Equipment Rates</b>	
<b>Government Owned Vehicles</b>	<b>Daily</b>
Sedan	\$226.00
Pickup	\$166.00
Van	\$309.00
SUV	\$279.00
Other (3/4 ton & above)	\$265.00

Privately Owned Vehicle rate will be reimbursed on a per mile basis:

<b>Privately Owned Vehicle Rate</b>
\$0.655

Rental Vehicle rates will be reimbursed using the state rates below based on incident position. Class types in the Rent-A-Truck Rates section will be charged an additional \$.20 per mile for all miles travelled\*:

<b>Rent-A-Car Rates</b>		
<b>Class Type</b>	<b>Daily</b>	<b>Weekly</b>
Compact Sedan	\$40.54	\$170.28
Mid-Size/Intermediate	\$40.54	\$170.28
Standard Sedan	\$41.89	\$175.92
Full Size Sedan	\$41.89	\$175.92
Hybrid Electric Vehicle	\$50.48	\$252.39
Plug-In Hybrid/Zero Emission	\$58.00	\$289.98
Compact SUV	\$59.07	\$295.35
Medium SUV	\$80.55	\$402.75
Compact Pickup Truck / 1/2-ton Pickup Truck	\$69.81	\$322.20
<b>Rent-A-Truck Rates*</b>		
¾ Ton Pickup Truck w/Tow	\$91.29	\$547.74
1-Ton Truck	\$107.41	\$644.40
Mini Van	\$59.07	\$295.35
Large Van	\$134.25	\$671.25
Mini-Cargo Van	\$77.46	\$387.28
15' Cutaway Box Van w/Ramp	\$82.15	\$410.76
16' Box Truck	\$99.75	\$498.77
24' Box Truck	\$117.36	\$586.79
26' Box Truck	\$117.36	\$586.79
14' – 16' Stake Bed	\$99.75	\$498.77
20' – 24' Stake Bed	\$117.36	\$586.78

Lodging, Meals, and Incidentals will be reimbursed at the rates below:

<b>Lodging Rate</b>
\$184.00
*Reimbursed up to a ceiling of 150%

<b>Meal and Incidental Rates</b>	
Breakfast	\$17.00
Lunch	\$18.00
Dinner	\$34.00
Incidentals	\$5.00

The de minimis administrative rate will be added to the total of approved reimbursements unless an agency specific rate is submitted:

<b>De minimis Administrative Rate</b>
10.00%

**REQUIRED SIGNATURE:**

Fire agency's authorized representative **MUST** sign all required rates and forms in [MARS](#), to the best of their knowledge and belief, and **UNDER PENALTY OF PERJURY**, the annual salary survey agreeing to comply with the terms and conditions of the Agreement, as well as the cooperator agency's internal accounting and expense reimbursement standards. Fire agencies will be required to accept either the base rate(s), and/or the fire agency's salary rates through the required signature process.

The CFAA requires each local fire agency to provide a yearly salary survey. If the California Governor's Office of Emergency Services (Cal OES) does not receive a signed 2024 Salary Survey from your agency's authorized representative indicating your agency's rates, Cal OES will have no basis to process an invoice back to your agency for payment for any responses ordered and requested through the CFAA.

**REVIEW:**

Fire agencies will be required upon request to provide Cal OES supporting documentation used to establish rates and method of pay. Cal OES will request yearly samples from selected agencies for review by Cal OES and the Committee. Upon request, the fire agency will have thirty (30) calendar days to provide Cal OES with required information. The process does not supersede the Examination and Audit process as outlined in this Agreement.

For any questions regarding the updated March 1, 2024 annual Rate Letter or the [Instructions for Completing the Cal OES Salary Survey](#) in MARS, please contact the Fire and Rescue Division support staff at (916) 845-8711 or by email at [cfaareimbursement@caloes.ca.gov](mailto:cfaareimbursement@caloes.ca.gov) or [MARShelpdesk@caloes.ca.gov](mailto:MARShelpdesk@caloes.ca.gov). If you have questions regarding the management and oversight of the CFAA, please contact Deputy Chief Lori Lopez at [lori.lopez@caloes.ca.gov](mailto:lori.lopez@caloes.ca.gov).

Sincerely,

Lori Lopez  
Deputy Chief of Administration  
California Governor's Office of Emergency Services  
Fire and Rescue Division

**USER'S GUIDE**  
**FOR LABOR SURCHARGE AND EQUIPMENT RENTAL RATES**  
**April 1, 2024 - March 31, 2025**

Equipment Rental Rates are available on the Internet at:

<http://www.dot.ca.gov/programs/construction/equipment-rental-rates-and-labor-surcharge>

Miscellaneous Equipment Rental Rates are available on the Internet at:

<https://www.dot.ca.gov/programs/construction/equipment-rental-rates-and-labor-surcharge>

The miscellaneous listing is updated daily.

## **Changes**

**Books are no longer available in hard copy and should be downloaded from the internet and printed.**

Changes to the equipment rates in the April 1, 2024 book are the result of: 1) fuel costs decreased; 2) interest rates increased; 3) Producers' Price Index increased; 4) increase in sales tax; and 5) no change in freight (F.O.B.) rates.

## **Labor Surcharge**

The labor surcharge compensates the contractor for statutory payroll items stipulated by various governmental agencies. The six items included are worker's compensation, social security, Medicare, Federal unemployment insurance, State unemployment insurance, and State training taxes. The general rate is an average of the job classifications common to Caltrans projects. The labor surcharges in the April 1, 2024 book are the result of some changes in worker's compensation rates. The rates were derived from using the pure premium rate approved by the Insurance Commissioner effective September 1, 2023 and increasing it by the historical statewide average expense. In the calculation of the labor surcharge for overtime work, the worker's compensation is not included on the premium portion of overtime, as provided by worker's compensation regulations.

The surcharge percentage to be applied to the actual wages paid as provided in Section 9-1.04B [9-1.03A(1b)] of the *Standard Specifications* will be **9 percent for regular time (RT)** and **9 percent for overtime (OT)**.

Exceptions to the general rate are listed below. These classifications were chosen because of high worker's compensation insurance costs. Forward questions, regarding worker's compensation rating and proper labor surcharge usage, to the rental rate personnel in the Division of Construction.

## EXCEPTIONS

<u>Type of Work Performed</u>	<u>Labor Surcharge Percent</u>	
	RT	OT
Concrete Construction - Bridge.....	9	9
Drilling .....	12	12
Fence & Guardrail Construction .....	9	9
Erection of structural metal for metal bridges, excluding sign bridge .....	11	11
Landscape Gardener .....	9	9
Mobil Crane & Hoist Service.....	12	12
Painting Steel Structures or Bridges .....	12	12
Pile Driving, not including drilled, cast-in-place concrete piles .....	13	12
Sign Erection or Repair .....	13	12
Wrecking & Demolition .....	11	11

An appropriate labor surcharge will be established by the Division of Construction for work that is determined by the resident engineer to be covered by Longshoreman and Harbor Worker's Act.

## Background

By the authority described in Section 9-1.04 [9-1.03A] of the *Standard Specifications*, compensation for work paid by force account is determined to be the total of the direct equipment costs (rental rate) plus a 15 percent markup for all overhead not included as direct costs. The direct costs include fuel, oil, lubrication, supplies, small tools, necessary attachments, repairs and maintenance, depreciation, storage, cost of facilities capital, overhaul and all incidentals. The labor costs required to provide the above listed items are also included. The operator cost is not included in the equipment rate.

The calculated rate represents the cost of owning and operating the equipment, which is likely to be lower than the rate charged by a rental yard. The rental yard rate may include additional overhead and profit as well as a premium for short-term rentals. In certain situations, factors are applied to the calculated rates to provide ownership-only rates for delay situations or operating-only rates for overtime situations. The rates are calculated using factors for the direct cost items described above. The factors represent an average and are applied to all makes and models of equipment within the class. **All rates are hourly, unless stated otherwise.**

## Overtime and Multiple Shifts

Certain equipment costs are fixed on an annual basis, no matter how many hours are worked. Once an estimate of the costs and hours of use is made, a rate can be determined. When more than the estimated number of hours are worked (Overtime or Multiple Shift), a duplication of payment occurs on the fixed cost portion of the equipment rate.

In order to avoid this duplication, Caltrans uses a reduced rate for the Overtime or Multiple Shift situations. The definition of Overtime or Multiple Shift periods is:

**Overtime hours occur after the equipment has worked at force account, eight hours per day (or after the daily equivalent of forty hours per week for special work schedules - 4/10 or 9/80). Multiple shift hours will be paid at the same rate as overtime hours.**

The hours shown on the Daily Extra Work Bill will determine when the Overtime and Multiple Shift is to be used. **When the hours worked on force account are eight or less, straight time rates will be used.** When the hours worked on force account are more than eight, Overtime and Multiple Shifts rates will be used. Saturday, Sunday or holiday work will be paid at the overtime rate except in those cases where these days are considered working days in the special provisions.

Be advised the computed overtime rates are no longer rounded and now equal the product of the straight time rate and overtime factor. The Overtime and Multiple Shift Factors are recalculated annually to reflect changes in the operating costs.

## Delays

As described in Section 8-1.07C [8-1.09] of the *Standard Specifications*, the Delay Factor may be applied to the equipment rental rate. The Delay Factor may be the basis for compensation for idle equipment time on an excusable delay. The factor has been calculated to include the ownership costs without including operating costs. The Delay Factor recovers all the contractor's non-operating costs in an eight-hour day. If payment is made for equipment on an excusable delay, it is limited to eight hours per day or forty hours per week maximum.

The NONOP class for non-operated items and the TRAFc class for traffic safety devices have been separated from traditional "rolling stock" equipment when calculating the Delay Factor. These classes are comprised of items whose depreciable lives are related to the number of uses per year, rather than the number of hours per year. Accordingly, the reasonable compensation for the contractor's actual loss has been estimated to equal the cost of facilities capital. **It should be recognized that these items must be out of service before the Delay Factor is applied. For example, if work behind K-rail is delayed, the K-rail should be paid straight time until it is no longer controlling traffic.**

Any use of this factor must have the prior approval of the resident engineer. The Delay Factor is recalculated annually to reflect changes in the operating costs.

## Use of Daily Extra Work Bill

Identification codes and rates are intended to be used with the Department's Internet change order billing system. The class is abbreviated using a 5-digit alpha-code, the make (manufacturer), a 4-digit alpha-code, and the code a 7-digit alpha-numeric code. All three codes must be used to define the equipment when using the automated pay system. Since the majority of items are described by per hour rates, each line has an entry for hours with an allowable maximum of 24. Special items with other than hourly rates should be appropriately checked and then entered in the Regular Hours column. For example, 50 Traffic Cones used 3 days (converts to 1.5, 100-cone-days) requires 1.5 be entered in the Regular Hours column. Note that any entry in the Delay Factor column will automatically apply the Delay Factor to every equipment entry on the current report.

Whenever an identification code cannot be found or the rate for a particular date of work performed is not available, updated information should be requested from the resident engineer. It is the resident engineer's responsibility to establish rates for equipment not found in the *Labor Surcharge and Equipment Rental Rates* publication. Support for this determination is available from both District and Headquarters Construction Offices. **Rates are regularly superseded during contract periods, so avoid the use of old publications or expired rates.**

The equipment is presented with a standard configuration capable of performing work commonly encountered on Caltrans projects. Special attachments or accessories are described under the classification heading in the *Labor Surcharge and Equipment Rental Rates* publication. Attachments other than those described by these remarks will be paid only upon direction of the resident engineer.

# EQUIPMENT RENTAL RATE

NOTE--THE FOLLOWING RATES ARE IN EFFECT FROM APRIL 1, 2024 THROUGH MARCH 31, 2025

## ATTACHMENTS

TRACTOR ATTACHMENTS -including power control units and accessories necessary to provide a functional attachment. Dozer blades are included in the standard configuration for both crawler and heavy, rubber tire tractors.

Rippers are listed from R1 to R8 and Winches for logging or towing are listed from S1 to S5. Equipment model groups are as follows:

1. Case 300 Thru 800 Series, Cat D-2 thru D-4, Deere 400 & 450, Dresser TD-7, TD-8 and TD-9, Fiat-Allis FD-5 Thru FD-7, Komatsu D21E Thru D37P, Liebherr PR711 & PR721.
2. Case 1150, Cat D-5, Deere 750, Dresser TD-12, Fiat-Allis FD9 & 10, Komatsu D58P, Liebherr PR731.
3. Case 1450 and 1550, Cat D-6, Deere 850, Dresser TD-15, Komatsu D63PE Thru D68P, Liebherr PR741.
4. Cat D-7 & 814, Dresser TD-20, Fiat-Allis 14 & FD14, Komatsu D83P, Terex 82-30
5. Cat D-8 & 824, Dresser TD-25, Fiat-Allis FD20 Komatsu D135A, Terex 82-40 Michigan 280, Raygo CHD 17 & CD-500.
6. Cat D-9 & 834, Fiat-Allis FD30, Raygo CHD 24 & CD 800.
7. Cat D-10, Dresser TD-40, Fiat-Allis FD40, Komatsu 375, Michigan 380, Raygo CDH 30.
8. Cat D-11, Fiat-Allis FD50, Komatsu 475

## AIR COMPRESSOR

[ AIRCP ]

**DELAY FACTOR = 0.13**

**OVERTIME FACTOR = 0.89**

All types of self contained units, regardless of power (gas, diesel and lpg) or type of compression (reciprocating, screw and vane). The listed rates include 15.2 meters (50 lineal feet) of hose, all hose whips, fittings, couplings and any compressor attachments. Listed in accordance with mfr's rated capacity in liters per second (cubic feet per minute) at 7 bar (100 psi).

<b>NON-OPERATED EQUIPMENT (DAILY RATES) [ NONOP ]</b>
---

**DELAY FACTOR = 0.57                      OVERTIME FACTOR = 1.00**

Note various units for different items. The following allowance is entered on the extra work bill by using the (unit listed x number of days) in the hours worked column. The following list is limited to items with long estimated lives. Additional traffic related items such as cones and barricades, are still listed under TRAFIC in this publication. Other non-operated items with short estimated lives should be treated as materials and should not be "rented". Non rented items are 1) intended to be job specific (amortized over the life of the project) and 2) have an estimated life measured by number of uses rather than a length of time.

**DELAY FACTOR = 0.11**

**OVERTIME FACTOR = 0.90**

Includes all attachments and accessories related to hauling, with and without trailers as needed. Includes water trucks, freight trucks and passenger vehicles, including 4wd option. Listed by Mfr's Gross Vehicle Weight in Kilograms(pounds). For tractor-trailer units, the gross vehicle weight of the cargo carrying unit or units will control. In the case of water trucks, the tank capacity expressed in kilograms (pounds) of water plus 20%, will determine the gross vehicle weight. For attachment allowance, see attachment class.

**Notes**

- [1] Late License Renewal fee may be waived as determined by the department.
- [2] Only for City events or private events permitted with a TUP, or any other event that doesn't fall under the Sidewalk and Mobile Vendor category.
- [3] Rolling Fee and Government Processing Fees will be waived for volunteers in City Programs and for City Human Resources purposes.
- [4] The rolling fee is offered at a reduced rate for individuals requiring Livescan services for City business purposes such as Business Licensing. For all other business or personal needs, the rolling fee will be charged at the standard rate.
- [5] Plus Litigation Guarantee
- [6] Per VMC 3.50.030 & Ord. No. 226, 1-18-2011
- [7] Optional: Plus staff time to set up/tear down (if needed)
- [8] A deposit to ensure unaltered adopted pets are eventually spayed/neutered
- [9] Small Animals - Animals under 20 lbs.
- [10] Large Animals - Animals 20 lbs or more.
- [11] With the approval of the City Manager, the department may reduce or waive adoption fees based on animal shelter capacity constraints, special events or over-concentration of particular animal breeds or types.
