a.        Compliance with State Prevailing Wage Law. Pursuant to California Labor Code Section 1773, the SCLAA has obtained from the Director of the Department of Industrial Relations (“DIR”) the general prevailing rate of per diem wages and the general prevailing wage rate for holiday and overtime work applicable for each craft, classification, or type of worker in San Bernardino County, California, where the Project is to be performed. Copies of these prevailing rate of per diem wages are on file at the City of Victorville Finance Department/Purchasing Division and shall be made available for review to any interested party on request. Copies of these prevailing rate of per diem wages are also available from the State of California via the internet at <http://www.dir.ca.gov/DLSR/PWD>. Contractor and its subcontractors shall pay not less than said specified prevailing rate of per diem wages to all workers employed by them in the performance of any work under this Agreement which constitutes “public works” or “public work”, including without limitation, Building 321 Interior Demolition, and any other work or services described in or encompassed by California Labor Code (“Labor Code”) Sections 1720 through 1720.9, 1771, and 1772. Contractor shall be solely responsible for using the correct and current prevailing wage rates and performing accordingly. An error on the part of any awarding body does not relieve the Contractor from the responsibility for payment of the correct prevailing wage, or compliance with the maintenance and inspection of payroll records, posting of prevailing wage rates at the work/job site, employment of apprentices, and other requirements of Labor Code Section 1720 *et seq.*; Labor Code Section 1810 *et seq.*; California Code of Regulations, Title 8, Section 16000 *et seq.*; and all other applicable State labor laws.

b.        Designation as Contractor Not Determinative. For purposes of this Agreement, Contractor and its subcontractors shall be subject to and shall comply with all provisions of the Labor Code applicable to contractors and subcontractors when they are engaged in the performance of any work under this Agreement which constitutes “public works” or “public work” as defined in subsection a above, despite being designated as a Contractor.

c.        Conflict. It is further expressly agreed by and between the Parties hereto that should there be any conflict between the provisions of this Section and the terms of Exhibit “A” or Exhibit “B” of this Agreement, the provisions of this Section shall control and nothing herein shall be considered as an acceptance of the terms of Contractor’s Scope of Services, scope of work, bid proposal, cost proposal, and/or fee schedule which conflict with the provisions of this Section.

d.        Payroll Records. Contractor and its subcontractors must comply with the provisions of Labor Code sections 1776 and 1812 and all implementing regulations, including without limitation, those set forth in Title 8 of the California Code of Regulations, Section 16000 *et seq.* (hereinafter the “Regulations”), which are fully incorporated by this reference, including requirements for electronic submission of payroll records to the DIR.

(1)       Contractor and Subcontractor Obligations. Contractor and each subcontractor must keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed in connection with the Work. Each payroll record must contain or be verified

by a written declaration that it is made under penalty of perjury, stating both of the following:

- (a) The information contained in the payroll record is true and correct; and
- (b) Contractor or subcontractor has complied with the requirements of Labor Code Sections 1771, 1811, and 1815 for any covered work performed by its employees on the Project.

(2) Certified Record. A certified copy of an employee's payroll record must be made available for inspection or furnished to the employee or his or her authorized representative on request, to the SCLAA, to the Division of Labor Standards Enforcement, to the Division of Apprenticeship Standards of the DIR, and as further required by the Labor Code.

(3) Enforcement. Upon notice of noncompliance with Labor Code Section 1776, Contractor or subcontractor has ten days in which to comply with the requirements of this section. If Contractor or subcontractor fails to do so within the ten-day period, Contractor or subcontractor will forfeit a penalty of \$100.00 per day, or portion a day, for each worker for whom compliance is required, until strict compliance is achieved. Upon request by the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement, these penalties will be withheld from payments then due to Contractor.

(4) Payment of Invoices. Copies of the certified payrolls, proof of payroll submissions, and appropriate lien releases are required with each invoice to the SCLAA. Payment of the invoice may be delayed when payroll-related documents and/or lien releases are not included with the invoice.

e. Apprentices. Contractor is responsible for compliance with the requirements governing employment and payment of apprentices, as set forth in Labor Code section 1777.5, which is fully incorporated by reference.

f. Notices. Pursuant to Labor Code section 1771.4, Contractor is required to post all Job Site notices, including prevailing wage rates and other notices, as required by regulation.

g. Other Labor Requirements. Contractor has the responsibility for and shall comply with all other applicable requirements of Labor Code Section 1720 *et seq.*, Labor Code Section 1810 *et seq.*, the Regulations, and all other applicable State labor laws. Contractor further acknowledges and agrees that it will be independently responsible for reviewing the applicable laws and regulations and effectuating compliance with those laws. Contractor shall require the same of all its subcontractors.

h. Statutory Penalties. The statutory penalties for failure to pay prevailing wage or to comply with State wage and hours laws will be enforced as follows:

- (1) Pursuant to Labor Code section 1775, the Contractor and any subcontractor under it shall forfeit as a penalty to the SCLAA not more than Two Hundred Dollars (\$200.00), for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rate as determined by the Director of the DIR for such work or craft in which such worker is employed for any public work done under this Agreement by it or by any subcontractor under it. The difference between such prevailing wage rate and the

amount paid to each worker for each calendar day or portion thereof, for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by the Contractor.

(2) Pursuant to Labor Code Section 1813, Contractor or subcontractor shall, as a penalty to the SCLAA, forfeit twenty-five dollars (\$25) for each worker employed in the execution of this Agreement by the respective Contractor or subcontractor for each calendar day during which the worker is required or permitted to work more than 8 hours in any one calendar day and 40 hours in any one calendar week, except as specified in Labor Code Section 1815. In accordance with the provisions of Labor Code Section 1810 *et seq.*, eight (8) hours is the legal working day.

i. DIR Monitoring. Pursuant to Labor Code Section 1771.4, the Agreement for this Project is subject to compliance monitoring and enforcement by the DIR.

j. DIR Registration. Pursuant to Labor Code Sections 1725.5 and 1771.1, the Contractor and its subcontractors must be registered with the DIR prior to the execution of a contract to perform public works. By entering into this Agreement, Contractor represents that it is aware of the registration requirement and is currently registered with the DIR. Contractor shall maintain a current registration for the duration of the Project. Contractor shall further include the requirements of Labor Code Sections 1725.5 and 1771.1 in any subcontract and ensure that all subcontractors are registered at the time this Agreement is entered into and maintain registration for the duration of the Project.
