Professional Qualifications:

Customer service

Planner on multi- billion-dollar projects

Leadership skills

Instructor

Electrical Tester

Able to meet Budgets

Project Coordinator

Instructor NJATC/IEETC/ Norco College

Electrical Engineering

Executive Board Member

Recording Secretary of Large Electrical Union

Business Agent for Large Electrical Union

Professional Experience:

International Brotherhood of Electrical Workers Local 477

June 1989- Present

1855 South Business Center Drive

San Bernardino, California 92408

Worked as an Apprentice, Inside Journeyman Wireman, Electrical Tester, Welder, Foreman, General Foreman, and a Project Coordinator on some of the largest projects across America. After putting in over 30 years I started getting into the administration side of the local serving on The Executive Board Committee and currently holding the Recording Secretary position for the last 3 years. I also took the role as a full-time Business Representative for the IBEW Local 477. I currently serve as an Organizer for Local 477 where my duties include representing the Local and its members in every way possible along with recruitment. This may take budgeting to make the best possible solutions for events and job visits.

IEETC/Norco College

1855 South Business Center Drive

San Bernardino, California 92408

I am an instructor for one of the largest electrical apprenticeship programs in the world that is affiliated with Norco College. Here I instruct students in every aspect of electrical installation, electrical theory,

mathematics, and CPR and First Aid Training. My teaching ranges from apprentice's years 1 through 5 to Journeyman Classes.

Director of ERP and Founder (Electrical Re-Entry Program) Sept. 2023 - present

Victorville, California

With the help of the IEETC, IBEW Local 477 and Solar Giant AES (Applied energy Services) who is a Large Solar Developer and owner of the Baldy Mesa Facility in Adelanto. The ERP Program is a program that trains those that are getting released or are justice involved get into the IBEW Apprenticeship. Currently we are doing this for the Inland Empire and will be expanding in the future. We have successfully finished the first cohort and started a second cohort recently. I am the planner, director and the instructor for this program. The Mayor of Adelanto gave the program a great appreciation at The Baldy Mesa Ribbon cutting ceremony in Adelanto. My job here is to train justice involved individuals and give them a career that can keep them from going back to prison. The plan is to get them into the IBEW.
