

ATTACHMENT B

ORDINANCE NO. 2440

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF VICTORVILLE, CALIFORNIA, AMENDING AND/OR TEMPORARILY SUSPENDING CERTAIN PROVISIONS OF CHAPTERS 7.04 AND 7.05 OF TITLE 7 (ANIMALS) OF THE VICTORVILLE MUNICIPAL CODE FOR THE PURPOSES OF ADDRESSING AN IMMINENT LACK OF ANIMAL SHELTERING CAPACITY AND FACILITIES IN THE CITY, REVISING FEE PROVISIONS, AND UPDATING REFERENCES TO RESPONSIBLE PERSONNEL

WHEREAS, the City Council of the City of Victorville (“City”) has previously established by ordinance the provisions of Title 7 (Animals) of the Victorville Municipal Code (“VMC”), to protect the general health, safety and welfare of animals within the City, including provisions requiring the licensing of dogs and cats, spaying and neutering, rabies vaccinations, and providing sheltering services and facilities in the interest of protecting persons who own, care for or interact with animals in the City and to ensure humane animal care; and

WHEREAS, said Title 7 further provides the authority for the City to charge certain fees to fund the costs of administering its animal licensing system, and its animal pickup and sheltering services and facilities which the City has historically provided to its residents; and

WHEREAS, the Victor Valley Animal Protective League, which had provided low-cost animal spay/neuter and vaccination services to the community and served as the City’s primary animal sheltering and care facility for decades, unexpectedly gave the City notice at the end of March that it would be terminating its agreement with the City and all of its shelter operations effective April 30, 2023; and

WHEREAS, although City staff have vigorously been exploring alternative arrangements for animal sheltering and working to expand the limited animal sheltering capacity of the temporary facility owned by the City (the “**Emergency Shelter**”), said Emergency Shelter currently has only sixty-two dog kennels and nine catteries, which are quickly filling to capacity; and

WHEREAS, due to the type of temporary kennels the City has been compelled to use and a lack of drainage systems to efficiently support them, the Emergency Shelter will require significant regulatory maintenance efforts by City Animal Care and Control staff (“City Staff”). Although the City has enlisted the assistance of the Best Friends Humane Organization to provide additional best practices guidelines to care for the animals during the City’s temporary operation, limiting of the number of animals at the Emergency Shelter will reduce potential illness outbreaks; and

WHEREAS, to ensure that the Emergency Shelter is not stretched beyond its current capacity or overloaded to the point that sheltering conditions could endanger the health and welfare of the animals being sheltered, as well as those providing for their care, it is necessary for the City to amend certain provisions of Title 7 and temporarily waive others; and

WHEREAS, revising the VMC provision which **requires** City Staff to pick up animals when requested to do so by pet owners who find they no longer want or are unable to care for them is necessary to ensure that the Emergency Shelter maintains capacity for animals requiring quarantining due to bite or cruelty investigations; and

WHEREAS, likewise revising the VMC provision which **requires** City Staff to impound animals found running loose or at large in public places or on private property or premises other than those of the person owning or having custody of said animal will further ensure that the Emergency Shelter maintains capacity to respond to Police/Fire Department requests relating to arrests or need for animal containment upon emergency response; and

WHEREAS, 2023 statistics from Forbes Advisor indicate that 66% of U.S. households own at least one dog or cat. The City has currently issued approximately 4,500 dog licenses (cat licensure in the City is encouraged, but voluntary) leaving approximately 12,000 unlicensed animals in the City; and

WHEREAS, adopting a temporary waiver (through the end of calendar year 2023) on the charging of first-time fees for the licensing of animals is needed to increase licensure of dogs and cats (which includes microchipping and rabies vaccination verification). Such temporary fee waiver is expected to minimize economic hardship and incentive residents to procure initial licenses and microchipping to enhance the likelihood of identifying and linking lost and impounded animals to pet owners in the City; and

WHEREAS, adopting a temporary stay (through the end of calendar year 2023) on the charging of late fees/penalties to persons not obtaining initial licensing of dogs and on the charging of certain “return to owner” fees associated with specific types of stray cat and dog impoundments is also needed to encourage residents to promptly seek licensure without being subject to late fees and to reduce the economic hardship associated with reclaiming impounded animals; and

WHEREAS, City staff is recommending the VMC be amended in order to implement the above described amendments and temporary stays/waivers to avoid overcrowding and unhealthy conditions from developing at the Emergency Shelter, and to encourage City residents to seek proper animal licensure; and

WHEREAS, this Ordinance is exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Sections 15060(c)(2), 15378(b)(5), and 15301 of the CEQA Guidelines as set forth further as findings herein.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF VICTORVILLE DOES HEREBY ORDAIN AS FOLLOWS:

Section 20. Severability.

The City Council declares that, should any provision, section, paragraph, sentence, or word of this Ordinance be rendered or declared invalid by any final court action in a court of competent jurisdiction or by reason of any preemptive legislation, the remaining provisions, sections, paragraphs, sentences or words of this Ordinance as hereby adopted shall remain in full force and effect.

Section 21. CEQA Exemption.

The City Council finds, pursuant to Title 14 of the California Code of Regulations, Section 15060(c)(2), that this Ordinance is exempt from the requirements of the California Environmental Quality Act (CEQA) because the passage of said Ordinance will not result in a direct or reasonably foreseeable indirect physical change in the environment. The City Council further finds that passage of said Ordinance is also exempt as governmental administrative activity under Section 15378(b)(5), as it makes certain amendments to and establishes temporary fee waivers with respect to existing animal control provisions of the VMC. The City Council finds that the City's expansion of its Emergency Shelter facilities, while not a direct or indirect result of the passage of this Ordinance, is categorically exempt from CEQA under Section 15301 which permits minor alterations of existing public structures and facilities where the expansion of the current use is negligible.

Section 22. Effective Date.

This Ordinance shall take effect thirty (30) days after its final passage.

Section 23. Certification.

The City Clerk of the City of Victorville is hereby directed to certify to the passage and adoption of this Ordinance and to cause it to be published as required by law.
