3. Special Provisions.
4. Faithful Performance and Payment Bond (as applicable).
5. Non-Collusion Declaration.

b. Interpretation. In the event of any conflict between any of the Contract Documents, the document highest in the order of precedence (from highest to lowest), as set forth in Subsection 4.a above shall control.

Section 5. CONTRACTOR'S OBLIGATIONS

Contractor shall complete the Project as specifically set forth in the Contract Documents. Contractor shall furnish, at its own cost and expense, all labor, services, material, tools, equipment, supplies, transportation, and any other items and facilities necessary therefore, as provided in the Contract Documents.

Section 7. COST PROPOSAL FORMS

The City shall pay Contractor as provided in the Cost Proposal Forms, attached hereto as **Exhibit "B"**, and incorporated herein by this reference as though set forth in full, subject to approval of the City, when applicable.

Section 8. PREVAILING WAGES

a. State Wages - In accordance with the provisions of California Labor Code Sections (1720,1770-1776, 1810, 1813 and 1815, as amended and applicable), the State Director of Industrial Relations has determined the general prevailing rates of per diem wages in the locality where the Project is to be done. Copies of the updated Wage Determination rates are available from the CITY and the State of California via the internet at www.dir.ca.gov. Additionally, copies of the prevailing rate of per diem wages and federal wage decision rates are on file at the City of Victorville Finance Department and shall be made available for review to any interested party on request. Notwithstanding anything in the Contract Documents to the contrary, Contractor and all subcontractors shall pay not less than said specified State of California rates to all workers employed by them in the execution of the work contemplated by this Contract. Contractor shall be responsible for using the correct and current prevailing wage rates.

b. **AB219 (as applicable)** adds Section 1720.9 to the Labor Code, the hauling and delivery of ready-mixed concrete to carry out a public works contract, with respect to contracts involving state agency or any political subdivision of the state. Section 1720.9 defines the term "ready-mixed" concrete and specifies that the rate of pay shall be the current prevailing wage "for the geographical area in which the factory or batching plant is located" as determined by the DIR. The statute also requires a written agreement between the party hauling or delivering the ready-mixed concrete and the party that engaged its services. Nothing in Section 1720.9 shall cause any company to be treated as a contractor or subcontractor for any purpose other than the application of this chapter of the Labor Code.

c. The delivery company shall provide certified payroll records under Labor Code section 1776(a) to the party that engaged its services and to the general contractor within five working days after the employee has been paid, accompanied by a written time record within five working days after the employee has been paid, accompanied by a written time record. The time record must be certified by each driver for the performance of job duties.

d. Contractor shall be solely responsible for using the correct wage decision or determination and performing accordingly. An error on the part of any awarding body does not relieve the Contractor from the responsibility for payment of the correct State prevailing wage and compliance with the maintenance and inspection of payroll records, posting of prevailing wage rates at work site, employment of apprentices, and other requirements of California Labor Code Section 1720, et seq.; California Code of Regulations, Title 8, Section 16000 et seq.; and all other applicable State labor laws. Contractor further acknowledges and agrees that it will be independently responsible for reviewing the applicable laws and regulations and effectuating compliance with those laws. Contractor will require the same of all its subcontractors.

NOTE: Copies of the Certified Payrolls, Proof of Payroll submissions and appropriate Lien Releases are required with each invoice to the City. Payment of the invoice may be delayed when Payroll related documents and/or lien releases are not included with the invoice. An error on the part on any awarding body does not relieve the Contractor from responsibility for payment of the prevailing wage of per diem wages and penalties pursuant to Labor Code (1770 - 1776).

Section 9. **WORKERS' COMPENSATION INSURANCE**

Contractor shall procure and maintain, at its own expense, during the Term of this Agreement, workers' compensation insurance, providing coverage as required by the California State Workers' Compensation Law. If any class of employees employed by Contractor is not protected by the California State Workers' Compensation Law, Contractor shall provide adequate insurance for the protection of such employees to the satisfaction of the City.

In conformance with current statutory requirements of Section 1860 et seq., of the Labor Code of the State of California, the undersigned confirms the following as their certification:

I am aware of the provisions of Section 3700 of the Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions before commencing the performance of the work of this contract.

Section 10. **NOTICE TO PROCEED**

No work, service, material, or equipment shall be performed or furnished under this Contract unless and until a Notice to Proceed has been given to the Contractor by the City. Section 11. **COMPLIANCE WITH LAWS**

Contractor shall comply with all local, state, and federal laws and regulations applicable to the performance of the work required by the Contract Documents, including any rule, regulation, or bylaw governing the conduct or performance of Contractor, its employees, officers, board members, agents, independent contractors, and subcontractors. Unless otherwise specified in the Contract Documents, all required permits and licenses shall be held or obtained by the Contractor at its sole expense.

Contractor shall secure from a good and responsible company or companies authorized to do insurance business in the State of California the policies of insurance required by this Agreement and furnish to the City Clerk certificates of said insurance at least one (1) day prior to the commencement of any services to be performed under this Agreement.

The certificates of insurance shall bear an endorsement whereby it is provided that, in the event of cancellation or amendment of any required insurance policy for any reason whatsoever, the City shall be notified by mail, postage prepaid, not less than thirty (30) days before the cancellation or amendment is effective. In the case of non-payment, ten (10) days' advance written notice shall be given.

c. The certificates of insurance shall bear an endorsement whereby it is provided that the respective insurance policy shall not be terminated or expire without first providing thirty (30) days written notice to the City of such termination or expiration.

d. The certificates of insurance shall indicate that the respective insurance policy will be maintained throughout the Term of this Agreement.

e. The Commercial General Liability and vehicle liability policies shall be endorsed to contain the following provision: "For any claims related to this Contract, Contractor's service coverage shall be primary with respect to the City. Section 7. COST PROPOSAL FORMS

The City shall pay Contractor as provided in the Cost Proposal Forms, attached hereto as **Exhibit "B"**, and incorporated herein by this reference as though set forth in full, subject to approval of the City, when applicable.

Section 8. PREVAILING WAGES

a. State Wages - In accordance with the provisions of California Labor Code Sections (1720,1770-1776, 1810, 1813 and 1815, as amended and applicable), the State Director of Industrial Relations has determined the general prevailing rates of per diem wages in the locality where the Project is to be done. Copies of the updated Wage Determination rates are available from the CITY and the State of California via the internet at www.dir.ca.gov. Additionally, copies of the prevailing rate of per diem wages and federal wage decision rates are on file at the City of Victorville Finance Department and shall be made available for review to any interested party on request. Notwithstanding anything in the Contract Documents to the contrary, Contractor and all subcontractors shall pay not less than said specified State of California rates to all workers employed by them in the execution of the work contemplated by this Contract. Contractor shall be responsible for using the correct and current prevailing wage rates.

b. **AB219 (as applicable)** adds Section 1720.9 to the Labor Code, the hauling and delivery of ready-mixed concrete to carry out a public works contract, with respect to contracts involving state agency or any political subdivision of the state. Section 1720.9 defines the term "ready-mixed" concrete and specifies that the rate of pay shall be the current prevailing wage "for the geographical area in which the factory or batching plant is located" as determined by the DIR. The statute also requires a written agreement between the party hauling or delivering the ready-mixed concrete and the party that engaged its services. Nothing in Section 1720.9 shall cause any company to be treated as a contractor or subcontractor for any purpose other than the application of this chapter of the Labor Code.

c. The delivery company shall provide certified payroll records under Labor Code section 1776(a) to the party that engaged its services and to the general contractor within five working days after the employee has been paid, accompanied by a written time record within five working days after the employee has been paid, accompanied by a written time record. The time record must be certified by each driver for the performance of job duties.

d. Contractor shall be solely responsible for using the correct wage decision or determination and performing accordingly. An error on the part of any awarding body does not relieve the Contractor from the responsibility for payment of the correct State prevailing wage and compliance with the maintenance and inspection of payroll records, posting of prevailing wage rates at work site, employment of apprentices, and other requirements of California Labor Code Section 1720, et seq.; California Code of Regulations, Title 8, Section 16000 et seq.; and all other applicable State labor laws. Contractor further acknowledges and agrees that it will be independently responsible for reviewing the applicable laws and regulations and effectuating compliance with those laws. Contractor will require the same of all its subcontractors.

NOTE: Copies of the Certified Payrolls, Proof of Payroll submissions and appropriate Lien Releases are required with each invoice to the City. Payment of the invoice may be delayed when Payroll related documents and/or lien releases are not included with the invoice. An error on the part on any awarding body does not relieve the Contractor from responsibility for payment of the prevailing wage of per diem wages and penalties pursuant to Labor Code (1770 - 1776).

Section 9. **WORKERS' COMPENSATION INSURANCE**

Contractor shall procure and maintain, at its own expense, during the Term of this Agreement, workers' compensation insurance, providing coverage as required by the California State Workers' Compensation Law. If any class of employees employed by Contractor is not protected by the California State Workers' Compensation Law, Contractor shall provide adequate insurance for the protection of such employees to the satisfaction of the City.

In conformance with current statutory requirements of Section 1860 et seq., of the Labor Code of the State of California, the undersigned confirms the following as their certification:

I am aware of the provisions of Section 3700 of the Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions before commencing the performance of the work of this contract.

Section 10. **NOTICE TO PROCEED**

No work, service, material, or equipment shall be performed or furnished under this Contract unless and until a Notice to Proceed has been given to the Contractor by the City. Section 11. **COMPLIANCE WITH LAWS**

Contractor shall comply with all local, state, and federal laws and regulations applicable to the performance of the work required by the Contract Documents, including any rule, regulation, or bylaw governing the conduct or performance of Contractor, its employees, officers, board members, agents, independent contractors, and subcontractors. Unless otherwise specified in the Contract Documents, all required permits and licenses shall be held or obtained by the Contractor at its sole expense.

The certificates of insurance shall bear an endorsement whereby it is provided that, in the event of cancellation or amendment of any required insurance policy for any reason whatsoever, the City shall be notified by mail, postage prepaid, not less than thirty (30) days before the cancellation or amendment is effective. In the case of non-payment, ten (10) days' advance written notice shall be given.

c. The certificates of insurance shall bear an endorsement whereby it is provided that the respective insurance policy shall not be terminated or expire without first providing thirty (30) days written notice to the City of such termination or expiration.

d. The certificates of insurance shall indicate that the respective insurance policy will be maintained throughout the Term of this Agreement.

e. The Commercial General Liability and vehicle liability policies shall be endorsed to contain the following provision: "For any claims related to this Contract, Contractor's service coverage shall be primary with respect to the City. 5. Non-Collusion Declaration.

b. Interpretation. In the event of any conflict between any of the Contract Documents, the document highest in the order of precedence (from highest to lowest), as set forth in Subsection 4.a above shall control.

Section 5. CONTRACTOR'S OBLIGATIONS

Contractor shall complete the Project as specifically set forth in the Contract Documents. Contractor shall furnish, at its own cost and expense, all labor, services, material, tools, equipment, supplies, transportation, and any other items and facilities necessary therefore, as provided in the Contract Documents.

Section 7. COST PROPOSAL FORMS

The City shall pay Contractor as provided in the Cost Proposal Forms, attached hereto as **Exhibit "B"**, and incorporated herein by this reference as though set forth in full, subject to approval of the City, when applicable.

Section 8. PREVAILING WAGES

a. State Wages - In accordance with the provisions of California Labor Code Sections (1720,1770-1776, 1810, 1813 and 1815, as amended and applicable), the State Director of Industrial Relations has determined the general prevailing rates of per diem wages in the locality where the Project is to be done. Copies of the updated Wage Determination rates are available from the CITY and the State of California via the internet at www.dir.ca.gov. Additionally, copies of the prevailing rate of per diem wages and federal wage decision rates are on file at the City of Victorville Finance Department and shall be made available for review to any interested party on request. Notwithstanding anything in the Contract Documents to the contrary, Contractor and all subcontractors shall pay not less than said specified State of California rates to all workers employed by them in the execution of the work contemplated by this Contract. Contractor shall be responsible for using the correct and current prevailing wage rates.

b. **AB219 (as applicable)** adds Section 1720.9 to the Labor Code, the hauling and delivery of ready-mixed concrete to carry out a public works contract, with respect to contracts involving state agency or any political subdivision of the state. Section 1720.9 defines the term "ready-mixed" concrete and specifies that the rate of pay shall be the current prevailing wage "for the geographical area in which the factory or batching plant is located" as determined by the DIR. The statute also requires a written agreement between the party hauling or delivering the ready-mixed concrete and the party that engaged its services. Nothing in Section 1720.9 shall cause any company to be treated as a contractor or subcontractor for any purpose other than the application of this chapter of the Labor Code.

c. The delivery company shall provide certified payroll records under Labor Code section 1776(a) to the party that engaged its services and to the general contractor within five working days after the employee has been paid, accompanied by a written time record within five working days after the employee has been paid, accompanied by a written time record. The time record must be certified by each driver for the performance of job duties.

d. Contractor shall be solely responsible for using the correct wage decision or determination and performing accordingly. An error on the part of any awarding body does not relieve the Contractor from the responsibility for payment of the correct State prevailing wage and compliance with the maintenance and inspection of payroll records, posting of prevailing wage rates at work site, employment of apprentices, and other requirements of California Labor Code Section 1720, et seq.; California Code of Regulations, Title 8, Section 16000 et seq.; and all other applicable State labor laws. Contractor further acknowledges and agrees that it will be independently responsible for reviewing the applicable laws and regulations and effectuating compliance with those laws. Contractor will require the same of all its subcontractors.

NOTE: Copies of the Certified Payrolls, Proof of Payroll submissions and appropriate Lien Releases are required with each invoice to the City. Payment of the invoice may be delayed when Payroll related documents and/or lien releases are not included with the invoice. An error on the part on any awarding body does not relieve the Contractor from responsibility for payment of the prevailing wage of per diem wages and penalties pursuant to Labor Code (1770 - 1776).

Section 9. WORKERS' COMPENSATION INSURANCE

Contractor shall procure and maintain, at its own expense, during the Term of this Agreement, workers' compensation insurance, providing coverage as required by the California State Workers' Compensation Law.
